

WIRE CUTTERS

Cutting of copper and aluminum cables. Made from high grade hardened and tempered carbon steel. Preformed jaws for cable positioning gives optimum cutting with minimized flattening of cable end.

- **Durable**
- **Precise**
- **Non Slip Handles**

Technical Specifications

Capacity:

CA22 - Cat. No. 022:

Cutting: Cables up to 10mm dia/35mm².

Dimensions: 162 x 46 x 14mm

Weight: 170gms.

CA38 - Cat. No. 038:

Cutting: Cables up to 13mm dia/50mm²

Dimensions: 210 x 46 x 15mm

Weight: 296gms.
