

Cat No. 049

SAFE STRIP

Ideal for electronic and electrical production line applications. The tool has optimum leverage designed to minimise operator fatigue, it is self-adjusting throughout its capacity range and has a built-in wire cutter and a detachable length stop. The tool is also equipped with a gripping power regulator and replaceable gripping pads. The Safestrip is constructed from glass filled nylon for strength and lightness and reinforced with steel liners for added rigidity.

A one-handed action grips and strips the wire without damage to the conductors. The high mechanical leverage design and variable gripping power control makes the tool easy to use and minimises operator fatigue.

- **Integral Wire Cutter**
- **Variable Gripping power**
- **High mechanical Leverage**

Technical Specifications:

Capacity: 0.8 - 10.0mm² single core
1.5mm² flat twin & earth

Dimensions: 180 x 70 x 18mm

Weight: 150gms
