

CAT. NO. 051

Bench Mounted

MK101P

Hand held pneumatically operated self-adjusting wire stripper. Combines simplicity of operation with high efficiency. Extremely fast, light weight and fatigue free. Developed for 'Rapid and Precise' stripping of fine and medium range wires.

The tool can be converted to be bench mounted with the optional conversion kit. When bench mounted the tool is foot pedal operated and mostly suitable for high volume stripping.

- **Light Weight**
- **Rapid and Precise**
- **Pneumatically Operated**

Technical Specifications:

Capacity:
Stripping: 0.08 to 2.5mm²
Operating
Pressure: 80 PSI (6 Bar) Max
Dimensions: 41 x 29 x 23mm
Weight: 350gms.
