

Cat. No. 058

Die Blades Profile

STRIP EASY

Simple to use, compact and lightweight, the Strip-Easy is equipped with a pair of multi-aperture die type stripping blades. Simply insert the wire, squeeze the lugs together and pull to remove the slug. The tool is equipped with an adjustable wire length stop for precise repeatable strip lengths. Wire sizes are clearly stamped onto the blades for easy reference.

- **Simple to Use**
- **Pocket Size**
- **Fatigue Free**
