

Cat. No. 064**MK01A**

The design of this tool permits precision stripping of all types of insulation including rubber, PVC, nylon, cotton etc., and is also recommended for cutting through copper screening of coaxial cables ranging from 8 to 25mmØ. The depth of cut is adjustable up to a maximum of 4.5mm. Precise depth can be set and locked by finger pressure on the knurled adjustment nuts.

The cutting blade has two positive positions to give a circumferential cut and a longitudinal cut for removal of the insulation sleeve. The cable is supported by six rollers throughout the stripping operation.

- **Circumferential & longitudinal Cuts**
- **Precise Clean Cuts**
- **Easy to Use**

Technical Specifications

Capacity:	
Stripping:	8.0 to 25.0 dia.
Dimensions:	170 x 40 x 27mm
Weight:	180gms
