

Cat. No. 0641**MK01B**

Heavy duty multi-application stripper with precisely mounted interchangeable stripping and wheel cartridges. The stripping cartridges are designed for the removal of the outer insulations from a wide variety of cables while the wheel cartridges are capable to remove aluminum cladding.

The MK01B can be used for mid-span as well as for end stripping and will cut circumferentially and longitudinally. Comes with adjustable stripping cartridge. Wheel cartridges optional.

- **Circumferential & longitudinal Cuts**
- **Replaceable Cartridges**
 - **Heavy Duty**
