## MK2F/PM

Suitable for single, twin or ribbon cable up to a maximum width of 19mm. Equipped with an adjustable wire stop for accurate stripping length.

The machine is factory set and will give consistent stripping results on all standard PVC wires, within its capacity, without adjustment.

The MK2FP/M is self adjusting and can strip different types and sizes of wires and cables without re-adjustment.

Depth of cut adjustment used only when dealing with excessively thick or thin insulation

Pneumatically operated bench mounted with foot pedal control the machine is maintenance free and requires only occasional lubrication.

Fitted with replaceable gripping jaws, speed control valve and supplied with all the necessary pipes and fittings.

Comes complete with a set of operating instructions and spare parts drawing.

### Replacements Spares:

- Stripping Jaws      Cat. No. 10031
- Gripping Jaws      Cat. No. 10032

**Foot pedal valve supplied upon request.**
