

Cat. No. 102

Cat. No. 103

### CS-35 & CS45

These tools are designed to strip effortlessly any length of outer insulation with adjustable cutting depth.

- **Suitable for end & mid-span stripping**
- **Suitable for single & multi core cables**
- **Fast – Safe – Easy to use infinite length**

#### Technical Specifications:

| Capacity:   | CS – 35     | CS – 45     |
|-------------|-------------|-------------|
| Stripping:  | 5 to 35mmØ  | 8 to 45mmØ  |
| Dimensions: | 175x47x25mm | 170x40x27mm |
| Weight:     | 120 gms     | 340 gms     |

## CS-35 & CS-45

### CS-35

Strips any length of insulation from cables up to 35mm diameter. Three indexing positions of the blade to produce circumferential, spiral or longitudinal cuts with adjustable depth of cut (6mm max.). One flip of the operating button releases the blade, which penetrates the insulation to a controlled depth and clamps the tool to the periphery of the cable allowing free movement of the hands to perform faultless stripping without effort.

### CS-45

All metal, heavy duty, multi purpose cable preparation tool permits circumferential, longitudinal and spiral cuts to precisely controlled cutting depths and is equally effective for mid-span or end stripping of the toughest insulation. Pointed double edge stripping blade is adjustable for maximum cutting depth of 6mm. It is easily replaceable and mounted in spring cushioned blade carrier which facilitates stripping of irregular shaped cables.

#### Replacements parts are available from stock for:

- CS35: Cutting blade – Cat. No. 102/1
- CS45: Cutting blade – Cat. No. 103/1
