

TP8 - Cat. No. 553

TP9 - Cat. No. 554

TP12 - Cat. No. 555

COMPONENT PRE-FORMING & CROPPING TOOLS

Simple to use hand operated component pre-forming tools for precise bending components leads. Fitted with pitch adjustment pointers for fast and accurate setting of pitch by alignment with PCB holes.

TP8 Bending only. 226 gms.

TP9 Bending and cropping. 280 gms.

TP12 Bending and cropping. 240 gms.

Technical Specifications

	<u>TP8</u>	<u>TP9</u>	<u>TP12</u>
Max. length of bend.	32	32	16 mm
Min. distance of bend from body.	9.5	9.5	6.5mm
Max. length of cut.	0	64	32mm
Min. length of cut.	0	19	16mm
Lead diameter	0.25 -1.00mm
