

Cat. No. TA05950

SAFECRIMP ALLOY

A precision ratchet operated crimp tool with integral wire cutter. ESD-safe and offering a high corrosion resistance, these tools are non-magnetic and will not spark when struck. Use these unique frames for aircraft fitting, telecom and CATV wire/cable applications and to work more efficiently, comfortably and safely. Lightweight alloys to aircraft and space specifications are used in their production, reinforced by stainless steel hardened liners wherever necessary to strengthen their construction and ensure their long life with lasting precision.

- **Corrosion Resistant**
- **Spark Proof**
- **Anti Static**

Technical Specifications

Capacity:	
Cutting:	10mm ² Max Stranded Copper Conductor.
Crimping:	Up to 6mm ² non insulated terminals Up to 10mm ² Ferrules (cord-end terminals)
Dimensions:	225mm(9") Long Frame
Material:	Lightweight Alloy
Weight:	360gms.

Also available without cutter TA-05950M
