

Cat. No. TP-05950

Parallel Closure Crimping Tool

Innovative parallel closure crimping tool made from high grade carbon steel, hardened to for long term quality. Precision crimps in conformity of all international standards.

Equipped with an integral wire cutter and fitted with a ratchet arrest which can be used to disable ratchet for ultimate flexibility during cutting operation.

- **Parallel Crimping**
- **Integrated Wire Cutter**
- **Ratchet controlled**

Technical Specifications:

Capacity:

Cutting: 10.0mm² max. stranded copper

Crimping: 6.0mm² insulated terminals
10mm² bootlace ferrules
(cord end terminals)
10mm² non-insulated terminal

Dimensions: 95 x 25 x 235mm

Weight: 525gms

Cat. No. TP-05950 - Tool without cutter.
