Issue No. 7 November 2007

In this issue...

- **Upcoming Exhibition**

- **PCB Assembly Aids**

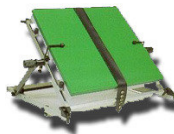

- **Electrical joke**

Dear reader,

We shall be participating at the Big5 exhibition in Dubai, from the 25th to the 29th November, 2007. We welcome the opportunity to meet with you should you be attending this event. Kindly let us now in advance should you plan to visit our stand so that we could include a confirmed meeting time in our schedules. You will find us in **Hall 3 Stand E114. Looking forward to meeting you there.**

Let ZB Tools equip you with the necessities to assemble pcb's

Lightweight PCB Assembly Jigs:

This series of lightweight jigs are suitable for use on flow-line production and is available in three sizes. Can be front bench mounted and has various angular positions. Top frame can be easily removed from it's base and passed on to the next station

NN-PCB

Desoldering Guns

A complete range of professional quality desoldering tools for efficient solder removal. All of the tools feature PTFE nozzles and the extraction springs are located outside of the vacuum chamber to prevent solder sticking and promote long life.

DSG PRM

Cropping & Bending Tools

TP8

These are specially designed component forming tools to perform a 90 degree bending of leads of printed circuit board components.

This tool automatically crops component leads on PCB's and bends cut ends at 90 degrees, fitted with 'cut-off' retainer.

TP6A

Why do transformers hum? *They don't know the words.*
